EXPERIENCE

Web Developer / Hybrid App Developer 📅 Feb 2023 - Present
Synamen Thinklabs Pvt. Ltd, Chennai.

As an Angular Developer, I played a key role in developing and maintaining dynamic and user-friendly web applications. Utilizing Angular templates and data binding techniques, I created complex user interfaces that enhanced the overall user experience.

My responsibilities extended to integrating APIs for retrieving and manipulating data from databases, addressing bugs, and optimizing web application performance. This resulted in a more seamless user experience for our audience.

In addition to web development, My involvement also extended to mobile application development using Ionic and Angular, where I assisted in creating and maintaining both iOS and Android applications.

My collaborative efforts included working on a dashboard application for displaying real-time data, demonstrating my commitment to delivering cutting-edge solutions.

Data Entry Operator 📅 Apr 2021 - Nov 2021
HINDLABS, Chennai

As a Data Entry Operator at HindLabs, I played a crucial role in maintaining accurate and up-to-date records by efficiently entering and updating data into the company's database systems. My primary responsibilities included.

Quality Inspector 📅 Jun 2019 - Apr 2020
Lear Corporation, Chennai

As a Quality Inspector at Lear Corporation, I played a crucial role in ensuring the highest standards of quality for car parts. My primary responsibility was to meticulously inspect and assess the quality of various automotive components, contributing to the overall manufacturing excellence of Lear Corporation. This role demanded a keen eye for detail, a deep understanding of quality standards, and the ability to adhere to strict inspection protocols.
